

**** 2015 Intensive Seminar Program **** JAC-DSC (Japanese Assistance Council of establishing Dialysis specialists system in Cambodia)

	29 March (Sun)	30 March (Mon)	31 March (Tue)	1 April (Wed)	2 April (Thu)	3 April (Fri)	4 April (Sat)	5 April (Sun)	
9:00~9:50	Opening Ceremony	13. Cerebrovascular disease in dialysis patients Toshihide Naganuma, M.D., Ph.D.	8. Kidney transplantation Kazunari Yoshida, M.D., Ph.D.	23. Dialysis facility management Hirokazu Matsubara, B.E.	29. Equipment required for dialysis therapy Kenichi Kokubo, Ph.D.	3. Historical development of dialysis therapy & 7 Peritoneal dialysis Hideki Kawanishi, M.D., Ph.D.	19. Diet therapy to control mineral balance "Phosphorus restriction" Yukie Kitajima, R.D., Ph.D.	Final Test 1	9:00~9:50
9:50~10:00									9:50~10:00
10:00~10:50	1. Overview of kidney disease Haruki Wakai, M.D.	14. Peripheral arterial disease in dialysis patients Toshihide Naganuma, M.D., Ph.D.	22. Japanese health insurance system and health economics of dialysis treatment Rika Yamanaka, B.A. Tomoko Watanabe, A.A.	25. Blood purification therapy Takayuki Abe, C.E., M.S. Kenichi Kokubo, Ph.D.	30. The extracorporeal circuit, anticoagulants, and dialysis fluid used for hemodialysis Takayuki Abe, C.E., M.S. Shunichiro Urabe, C.E., M.S.	7. Peritoneal dialysis, continue Hideki Kawanishi, M.D., Ph.D.	20. Diet therapy to control mineral balance "Potassium restriction" Satoko Tamura, R.D.	Final Test 2	10:00~10:50
10:50~11:00									10:50~11:00
11:00~11:50	2. Care of patients with chronic kidney disease Kazunari Yoshida, M.D., Ph.D.	15. Infection in dialysis patients Toshihide Naganuma, M.D., Ph.D.	35. Patient assessment and vital sign monitoring during hemodialysis Tomotaka Naramura, C.E., Ph.D.	26. Determinants of solute removal efficiency during hemodialysis and hemofiltration Takatoshi Sakurasawa, C.E., B.S. Kenichi Kokubo, Ph.D.	31. Dialyzers used for hemodialysis Shunichiro Urabe, C.E., M.S. Kenichi Kokubo, Ph.D.	36.37. Introduction of devices related to dialysis Nipro Corporation Mr. Kaname Sadahiro	6. Vascular access for hemodialysis Nobuhisa Shibahara, M.D., Ph.D. Fumitaka Nakajima, M.D.	Final Test 3	11:00~11:50
11:50~13:00									11:50~13:00
13:00~13:50	4. Treatment selection for patients with renal failure Haruki Wakai, M.D.	24. Daily workflow of nurses and clinical engineers at a dialysis clinic Miku Tanabe, R.N. Natsumi Abe, C.E., M.T.	32. Quality management in dialysis fluid purification Tomotaka Naramura, C.E., Ph.D.	27. Kinetic models of hemodialysis Kenichi Kokubo, Ph.D.	33. Maintenance and inspection of dialysis equipment Ayumi Takizawa, C.E.	17. Diet therapy for CKD "Low-protein diet" Satoko Tamura, R.D.	11. Anemia in CKD Hideki Kawanishi, M.D., Ph.D.		13:00~13:50
13:50~14:00									13:50~14:00
14:00~14:50	5. Initiation of hemodialysis Toshihide Naganuma, M.D., Ph.D.	9. Pathology and management of hemodialysis complications Haruki Wakai, M.D.	21. Physical characteristics of patients with renal failure and exercise therapy for patients with renal failure Yuki Tateno, P.T., B.A.	28. Indices of dialysis adequacy Takatoshi Sakurasawa, C.E., B.S.	34. Infection control in the dialysis room Emi Kimura, C.E. Kenichi Kokubo, Ph.D.	18. Diet therapy for dialysis patients "Dialysis diet, diabetes control" Yukie Kitajima, R.D., Ph.D.	10. Blood pressure control and water and sodium restriction in dialysis patients Toru Hyodo, M.D., Ph.D.	Closing Ceremony	14:00~14:50
14:50~15:00									14:50~15:00
15:00~15:50						16. Diabetic nephropathy and diet control Yukie Kitajima, R.D., Ph.D. Toru Hyodo, M.D., Ph.D.	12. CKD-Mineral and Bone Disorder Toru Hyodo, M.D., Ph.D.		15:00~15:50
